

AutoCare Morley Ltd

Courtesy Car Terms and Conditions.

The Loan of our courtesy cars are FREE of charge, providing you can provide your own fully comprehensive insurance cover.

We Will Require.

A full valid UK driving licence, your policy document informing us you are covered to drive our vehicles fully comprehensively.

Many of our customers simply contact their insurance company to inform them that the insured vehicle is going to the garage for repairs, the insurance company then faxes us a cover note it's as simple as that. The majority of insurance companies may charge an admin fee for this service, usually £10 to £15 pounds, while some just refuse and will not provide cover at all.

We realise that many of our customers may need courtesy car insurance at short notice, and we can arrange this for you quickly without the need for complicated forms but still provide great cover.

What's more, if you should need to make a claim whilst you are driving your loan vehicle, it won't affect your no claims bonus.

Check out the links below to get cheap temporary courtesy car insurance instantly.
